

LETTER OF AGREEMENT

This is a letter of agreement. By signing below, you are indicating that you have read this form carefully, understand what it means, and agree to all of the terms below.

I, the Participant, have agreed to volunteer with KONBIT for Haiti in efforts to help provide medical relief and/or training for educational purposes; all in compliance with KONBIT's central mission to rebuild and reconstruct a more sustainable Haiti. In doing so, I have agreed to:

1. Keep a mental or physical record of my experiences during the time period in which I have chosen to volunteer my services. With the information I have accumulated, I would have been able to assess the problem or need that is evident in my surroundings; if operating equipment, I would be able to provide technical descriptions and specifications of such equipment and indicate the demand of such equipment operated. In regards to the problems and difficulties displayed in the community in which I have volunteered, I would have been able to provide KONBIT with my general perspective of the problems and the types of solutions that are being applied. While ascertaining such information, I will give an account of my overall experiences (such as the accommodations provided by the host and recommendations for the host organization if any) and other activities which were including in my daily activities.
2. Complete the following de-briefing form upon my return from volunteering in Haiti which will be sent to me via email. I acknowledge that it is my responsibility to thoroughly read the pre-briefing form, complete it to the best of my ability and submit the form to KONBIT via email or fax. I understand that the information I provide will be kept by KONBIT's deployment team for their records of my trip so they can thus have a better understanding of the conditions of the site to which I was deployed.
